

COUNTY OF YORK

MEMORANDUM

DATE: March 27, 2000 (BOS Mtg. 4/4/00)
TO: York County Board of Supervisors
FROM: Daniel M. Stuck, County Administrator 
SUBJECT: Draft Interaction Guidelines

At the Board's retreat held Saturday, February 5, the Board discussed as part of its team building the development of guidelines for interaction among Board members and possibly staff. The discussion was relatively free-flowing, and a number of ideas were generated.

At the conclusion of the retreat, staff was asked to attempt to draft a document containing the concepts discussed for consideration by the Board (copy of minutes attached). There was discussion of a document to which the Board members could note their commitment by affixing their signatures, and it was also a suggestion that perhaps the County Administrator should be a party to the guidelines. Staff attempted to capture the Board's discussion in two draft documents which were presented to the Board at its work session held February 23. Materials previously submitted are included for your easy reference.

Miss Rapp has requested that this item be placed on the agenda for discussion.
